THANKSGIVING TABLE CONSPIRACY CARDS

How to Play · 24 cards in 4 chaos tiers

1. Print on US Letter cardstock. Cut along the dashed lines into 24 cards.
2. Shuffle. Guests draw one card and read it aloud — or whisper it to a co-conspirator.
3. Tiers escalate: Mild Gravy Medium Stuffing Spicy Cranberry Full Tinfoil.
4. First person to get uninvited next year... loses? Wins? The Committee is undecided.

EXIT LINES (USE THESE)

"Just kidding — please pass the rolls."

"This is satire. Also, pie."

"I read it on a napkin. Unverified."

"Question everything, especially me. Who wants coffee?"

Entertainment only. Satire that roasts every side. Cards are jokes and theories people believe — not factual claims about real people. No hate. No calls to harm. Pass the gravy.

Optional: deal Mild cards first; save Full Tinfoil for after dessert.
Kids at the table? Stick to Mild Gravy + Medium Stuffing.
